

# Mosaic BINGO

You need to check all the grids that meet the conditions

|  |  |  |  |  |
|--|--|--|--|--|
| Exactly <b>3</b> of the four surrounding grids are checked | Exactly <b>5</b> of the six surrounding grids are checked  | Exactly <b>5</b> of the six surrounding grids are checked  | Exactly <b>3</b> of the six surrounding grids are checked  | Exactly <b>3</b> of the four surrounding grids are checked |
| Exactly <b>5</b> of the six surrounding grids are checked  | Exactly <b>7</b> of the nine surrounding grids are checked | Exactly <b>7</b> of the nine surrounding grids are checked | Exactly <b>6</b> of the nine surrounding grids are checked | Exactly <b>5</b> of the six surrounding grids are checked  |
| Exactly <b>6</b> of the six surrounding grids are checked  | Exactly <b>5</b> of the nine surrounding grids are checked | Exactly <b>6</b> of the nine surrounding grids are checked | Exactly <b>1</b> of the nine surrounding grids are checked | Exactly <b>4</b> of the six surrounding grids are checked  |
| Exactly <b>6</b> of the six surrounding grids are checked  | Exactly <b>4</b> of the nine surrounding grids are checked | Exactly <b>2</b> of the nine surrounding grids are checked | Exactly <b>4</b> of the nine surrounding grids are checked | Exactly <b>1</b> of the six surrounding grids are checked  |
| Exactly <b>2</b> of the four surrounding grids are checked | Exactly <b>4</b> of the six surrounding grids are checked  | Exactly <b>3</b> of the six surrounding grids are checked  | Exactly <b>1</b> of the six surrounding grids are checked  | Exactly <b>2</b> of the four surrounding grids are checked |

1. The solution must have at least one row, one column, or one diagonal where all five elements are checked.
2. If a grid is not checked, the condition written in the grid must not be satisfied.
3. The solution is unique.
4. Random seed: 19260817, number of iterations: 1
